Mother and Daughter Parallel Perspectives on  
Love, Loss, Blackness, Purpose, and Faith  
A Memoir

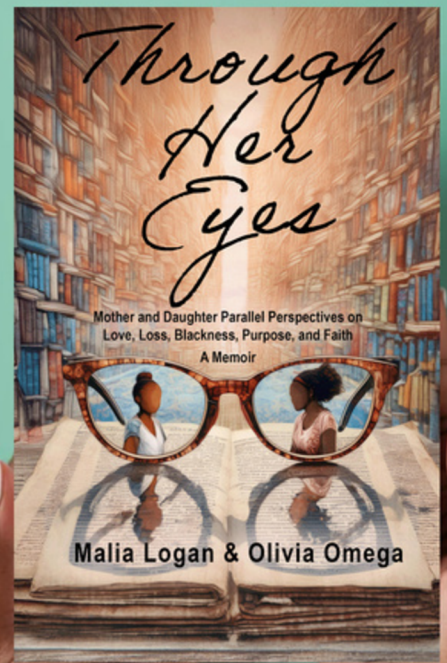

By Malia Logan & Olivia Omega

*"Even as a small child, I understood that women had secrets, and that some of these were only to be told to daughters. In this way we were bound together for eternity." - Alice Hoffman*

In **Through Her Eyes** readers are taken on a profound generational journey through intertwined narratives offering parallel perspectives on life's experiences by two Black women, mother and daughter. This memoir, co-written with heartfelt honesty and unfiltered emotion, delves deep into the bonds that connect them. As a seasoned branding expert and new college grad, it explores the unique challenges and triumphs that define this mother and daughter's shared and individual identities.

With deeply personal insights, Olivia and Malia explore the role of their childhoods and storytelling in shaping their self-perceptions. As they reflect on their careers, education, and spiritual journeys, they offer readers a candid look at their dynamic relationship and the influences that have driven their choices and the values they hold dear.

**Through Her Eyes** is not just a memoir; it's a dialogue between two voices, rich with wisdom, admiration, and the unspoken words that finally find their place on the page. As Olivia and Malia confront their biggest accomplishments and grapple with failure, they reveal the powerful, enduring connection that comes from understanding and loving one another across time and experience. **Through Her Eyes** is a celebration of the complexities of mother-daughter relationships, a tribute to the strength of Black womanhood, and an invitation to see the world through their eyes.
